HOOVER ACCEPTS CABINET BERTH

Will Be Secretary of Commerce—Phones Acceptance of Post

MUST HAVE REAL JOB

Hoover In Statement Says There is Enormous Field For a Proper Government Bureau.

New York, Feb. 25.—Herbert Hoover telephoned President elect Harding last night that he had accepted the offer of the Cabinet post of Secretary of Commerce, George Barr Baker, his assistant, announced last night.

Mr. Hoover, in a statement made public by Mr. Baker, announced that he would continue to direct the policies of European relief.

Mr. Hoover's statement follows:

"President-elect Harding yesterday evening asked me to state that he has included me in his nominations for the Cabinet as Secretary of Commerce. Senator Harding enters wholeheartedly into the plans for upbuilding the department and wishes that I continue to direct the policies of the European relief."

Earlier in the day Mr. Hoover stated he had submitted to the President-elect a proposal for the general reconstruction of the department and an enlargement of its field. He also made it clear that as he had assumed heavy responsibilities in connection with relief work he could not abandon them by resigning, and felt that he should continue to take the responsibility for its general direction.

"If I take the post," he said, "it will be only because I believe that Senator Harding will stand behind me in making a real Department of Commerce. There is an enormous field for a proper Government bureau. It can be made a department of the first importance with the support of the administration and of Congress. Unless this is done I am not warranted in shifting my responsibilities from relief work."

"I have no right," the earlier statement continued, "to ask the public to give money and then shed all responsibility of administering it at once. Another difficulty is that I have undertaken the trusteeship of 8 or 10 public institutions of importance. Several have enlarged their activities at my inspiration, and I cannot abandon them entirely."

Stole Three Bicycles

Admits Theft and Says Hunger Forced Him to Steal

A colored man describing himself as Joseph McGee, twenty-four years old, admitted in police court today to Justice Snow that he was guilty of the theft of three bicycles from different sections of Washington during the past two weeks.

McGee was arrested ealy last night by Policeman Lunsford after he had endeavored to disposed of a bicycle at the store of Frederick Ayers, 324 King street.

Mr. Ayers recognized him as having been at his place before and disposed of a wheel and he became suspicious and sent out K. E. Wallace, who was in the store, for a policeman and Policeman Lunsford, who happened to be passing, took charge of the man who told the police his name was Joseph Calvert. In his pocket was a large rock in a sack which he declared was "lucky stone."

Mr. Ayers said on an occasion previous to the last sale this man had sold him another wheel giving another name and he did not recognize him on the second trip. Mr. Ayers however, reported the purchase of both wheels to the police.

McGee when asked by the court why he stole the wheels said he was hungry and out of work and had to have something to eat. In each case he would ride the wheels to Alexandria he said.

One was stolen on Four and Half street, southwest, below Maryland Avenue, another on Ninth street and the third on Twelfth street north west.

The man was turned over to the Washington authorities.

McGee says he came to Washington a month ago from Pittsburgh and that his home is in Waco, Texas.

POLICE COURT ITEMS

A young white man charged with trespassing on the property of the Southern Railway Company was arraigned before Justice Snow this morning and Special Officer Harvey testified he caught him taking coal from the power house. The man pleaded he had no fire at home and the court imposed a jail sentence of 30 days and suspended sentence.

A white man, eighteen years old, who escaped from the Virginia Industrial School, arrested by Sergt Wilkinson, Reed and Talbot, is being held for the authorities of that school.

NEW YORK OFFICIAL GETS JAIL TERM FOR CONTEMPT

New York, Feb. 25.—New York City's controller, Charles S. Craig, was yesterday ordered to jail on a contempt charge by Judge Julius M. Mayer, of the Federal court.

The charge grew out of alleged false statements reflecting upon the court and the rulings of Judge Mayer in the traction litigation. Judge Martin T. Manton, of the United States Court of Appeals, issued a habeas corpus writ and the matter will be passed upon by the higher courts. Judge Mayer sentenced Craig to 60 days in the Essex county prison at Newark, N. J.

Engineer For W.-V. Ry. Says Last Increase Failed by $185,000

25 TRIP TICKET UP

Road Carried 22,437 More Passengers in 1920, Than in 1919 Official States—Alexandria Represented

(Special to the Gazette)

Washington, D. C., Feb. 25.—The Washington-Virginia Railway Company failed by $185,000 to realize the increased revenue sought under the rate increase of December, 1919, W. C. Downs, representing the road as an engineer and accountant told the Interstate Commerce Commission today at a hearing on proposed increase rates which are now under suspension by the commission. An increase in revenue of $250,000 per year was sought by the company and returns from the new rate only showed increased revenue of $65,000 for the year 1920, Mr. Downs told Examiner Mackley of the Interstate Commerce Commission. Part of the increase of $65,000 was due to the natural increase in the number of passengers carried.

In tariffs filed with the commission last month and since suspended pending a hearing, the company seeks a general advance in rates from 2 1-2 cents a mile to 3 cents a mile; an increase of 25 per cent in the cost of the 52 trip ticket and withdrawal from its tariff of the 25 trip family ticket.

Representatives of several civic bodies and scores of commuters living along the lines of the Washington-Virginia Railway Company attended the hearing. Representing commuters and others were Conrad H. Syme, for the Mount Vernon Division Commuters' Association and the Alexandria Chamber of Commerce; Frank Lyon, representing commuters on the Falls Church division; E. W. R. Ewing, for residents of Clarendon and Ballston; James R. Caton, for the Chamber of Commerce of Alexandria; Frank L. Ball, commonwealth's attorney for Arlington county, and H. Noel Garner for the city council of Alexandria. Among the commuters attending the hearing were Harry R. Burke, president of the common council of Alexandria, George H. Evans, business manager of the Alexandria Chamber of Commerce, Harrie White, Charles J. Deahl, Louis P. Woodward, D. R. Stansbury and Miss Margaret Germond, Ashby Bladen, of Alexandria. Julius H. Parmelee, statistician of the Bureau of Railway economics also attending the hearing. The road was represented by Frederick L. Ballard and John S. Barbour for counsel.

Mr. Downs told Examiner Mackley that operating revenue of the road for 1920 was $1,045,807, as against $979,911 for 1919 an increase of six and seven-tenths per cent under the rate increase of December, 1919. He said the operating revenue per passenger in 1919 was 10.31 cents and in 1920 was 10.74 cents. The increase asked in the tariff under suspension, he said, would raise the general operating revenue per passenger on the road to 14 and twenty-six hundredths cents.

The road carried 9,516,462 revenue passengers in 1919 and 9,740,829 revenue passengers in 1920, he said. Officers of the road expect a net loss of 10 per cent in passenger travel if the suspended rates become operative, Mr. Downs said.

Mr. Downs was frequently interrupted by questions from Messrs. Syme, Lyon and Ewing, particularly regarding the charge of 5 cents levied on tickets sold on the Falls Church division of the road required to bring the passenger direct to the 12th street station. He explained it was proposed to raise this surcharge to 6 cents from 5 cents.

Mr. Syme, representing the Alexandria citizens, laid particular stress on presentation of tariffs showing the number of revenue passengers carried during 1920 on the Mount Vernon division and asked Mr. Downs to present a schedule showing the number of passengers carried and the net operating revenue from their

Parent-Teachers' Association Favor His Reappointment—Petition Circulated Against His Reappointment

A petition is being circulated by certain persons in this city asking the state board of education to make a change in the superintendent of schools here.

Morris L. Horner, stated over the telephone this afternoon to a representative of The Gazette that he had one of the petitions and expressed himself in favor of a change. Mr. Horner added that he could not at the time give further information as to its origin, but said some ladies were interested.

Preston O. Cockey, stated this morning to a representative of the Gazette that he had one of the petitions yesterday and had turned it over to another citizen. The petition at the time he said cantained only 4 names. Mr. Cockey expressed himself as favoring a change. He said he understood that the original petition was gotten up by certain lady members of the Parent-Teachers' Association.

The Parent-Teachers' Association at a meeting held yesterday afternoon at Lee School indorsed Mr. Sweeney for re-election as superintendent of schools of this city.

News that a petition was being circulated opposing Mr. Sweeney came as a genuine surprise after the Parent-Teachers' Association had indorsed Mr. Sweeney for re-election to the State Board of Education.

Supt. Sweeney has been indorsed for re-election by the majority of the members of the city Council, the city school board and the Parent-Teachers' Association and in addition by a large number of others as a testimonial of his splendid work as superintendent of the public schools of Alexandria for the past twelve consecutive years. Under his regime the schools have prospered and made more progress than ever before in their history.

Daniels Gets Cabinet Chair As a Souvenir From Friends

Washington, Feb. 25.—Friends of Secretary Daniels have solved for him a high cost of souvenirs problem involved in ownership of the tall backed, upholstered chair he occupied at Cabinet meetings during his years years in President Wilson's official family circle.

Mr. Daniels expressed a desire to take the chair home to Raleigh, N. C., when he returns next month to resume private life as a newspaper editor and publisher. He was told it would cost him $141. That about changed his mind, but friends intervened and purchased the chair as a gift for the retiring Secretary to share in his editorial deliberations.

The government profited more than 100 per cent on the deal, since the chair cost originally only $65, and the $141 represents replacement cost today.

RESENT DEEP WAGE CUT

Greenwich, Conn., Feb. 25.—Following the action taken at a business meeting and dinner of the Master Plumbers' Association of Fairfield county last week, when it was voted to cut plumbers' wages from $10 to $7 a day beginning March 1, and master plumbers' pay from $20 to $16, the local Plumbers' Union appointed a committee to make an investigation and prepare plans to be presented next Monday night.

Many are opposed to the reduction in wages because them deem it too radical, and it is said a strike may follow.

Master plumbers say the main object in reducing wages is to assist in starting up the building trade here and to set an example for other trades and merchants to follow.

$100,500,000 MORE FOR NAVY

Washington, Feb. 25.—Carrying $100,500,000 more than it did as passed by the House, the annual Naval Appropriation bill was reported yesterday to the Senate by the Naval Committee. The largest single increase was $21,000,000 for enlisted men's pay made necessary by the provision for a personnel of 120,000 instead of 100,000 as proposed by the House.

An added appropriation was one of $15,000,000 for beginning work on two great airplane carriers. The aviation fund was increased by $12,000,000 from $18,700,000.

500 Fete Leader

Geo. McBride Presented With Silver Punch Bowl Last Night

Wash., D. C., Feb. 25.—George McBride was officially welcomed as the new manager of the Nationals last night at the Wardman Park Hotel when 500 fans cheered him to the echo while the speakers lavished him with praise. If there was any doubt as to the enthusiasm of the fans over the prospects with "Mac" at the helm it was dispelled when they assembled to do him honor. It was the biggest occasion of its kind Washington has ever seen.

In addition to letting McBride know how much they think of him, the fans tendered him a gigantic silver punch bowl, the Rev. Father P. C. Gavan, one of the livest fans in the District, making the presentation speech.

Manager McBride refused to predict a pennant, but with the exception of President Clark Griffith, nearly all of the speakers hinted in that direction.

As president of the American League it did not behoove Byron Bancroft Johnson to make any rash statements, but he risked the chance of being censured by declaring coldly that "I hope the pennant is brought to Washington in 1921 by Griffith and McBride." That set the fans to howling all the more.

The banquet was ample proof of the manner in which the fans are supporting the team. Everybody was there, from the guys who perch out in the "jury box" to the ones who occupy those select seats in the grandstand. There wasn't a dull moment from start to finish.

Among those attending were former Mayor T. A. Fisher and Sylvester A. Breen, president of the Cardinal Athletic Club of Alexandria together with about thirty others from the Virginia city.

BOLIVIA REPORTED UNDER MARTIAL LAW

Buenos Aires, Feb. 25.—Reports from Lapaz state that the political situation in Bolivia has become so acute as to result in revolutionary opposition to the recently inaugurated government and that President Saavedra decided to declare the country in a state of siege. The minister of finance refused to sign the decree and resigned. It is stated that martial law will be declared as soon as the vacancy is filled and the decree signed.

In the meantime the government is anxiously awaiting word from its delegate to the Geneva assembly regarding the Bolivian claims for the return of territory from Chile as the Saavedra government gained control through its position on that question.

Hold Up Fast Express

Roodhouse, Ill., Feb. 25.—Three men, armed with rifles, held up the Chicago and Alton train known as the "Hummer," running from Kansas City to Chicago, shortly after last midnight and escaped with a registered package and registered letters taken from the mail car. The amount of the loot is not known, but it is reported that the bandits obtained $125,000 shipped by a Kansas City bank to one in Chicago.

The robbery occurred near Quincy Ill., but was not reported to officials until the train arived here early today. An attempt to rob the same train was made three weeks ago, but the bandits were driven off by the crew.

According to Engineer Donahue the bandits halted the train near Louisiana, Mo., by waving flags. As he slowed down the three men leaped aboard the tender of the engine and crawled over the engine tender, covered Donahue and the fireman with their rifles, and forced them to detach the mail coach and baggage car from the train.

The bandits then forced the engineer to drive a mile or more ahead, which brought them across the Mississippi river at Sni, Ill. There the two robbers guarded the train crew while the third entered the mail car and robbed it. The bandits then deserted the train and disappeared in the darkness.

The "Hummer" left Kansas City at 5:25 p. m., yesterday and was due in Chicago at 7:45 this morning.

LEAGUE IN QUANDRY OVER U. S. STAND

Council Sees Upsetting if Mandate Question if Claims Are Admitted

REPLY TO AMERICA

To Be Drafted by A. J. Balfour—Fear U. S. Swinging to Germany—Friendly Reply Difficult

Paris, Feb. 25.—Members of the League of Nations Council feel that they dare not admit the sweeping legal claims made by President Wilson in his note protesting against the mandate decisions of the Council without undermining the whole question of mandates over the former German colonies.

It appears to be definitely established that the Council will uphold Japan against the United States.

Arthur J. Balfour, of Great Britain, has assumed the responsibility for drafting the League's answer to the President's note, but it is not yet certain whether his communication will be a statement of warm friendliness for America or a simple stiff statement of the Council's position on the question. The League council intends to invite the United States to discuss with it the question of the disposition of the Island of Yap, Japan's mandate for which the President warned America could not recognize.

Germany already is protesting that her colonies have been allocated illegally, but short work can be made of German contentions so long as the Allies are united. The last thing that the Allies would like to see would be the swing of American opinion toward Germany's point of view as the result of the Council's refusal to admit America's claims to the Island of Yap.

Both Great Britain and France realize that the extent of Germany's opposition to the reparations account in London next week depends upon the amount of sympathy which Germany can arouse in the United States. Yet America's claims are so sweeping as to arouse concern in all the Allied governments.

The League Council would reply to the President immediately if the reply concerned the League of Nations executive alone, but it is now improbable that anything will be done before the Supreme Council has given the American attitude, as set forth in President Wilson's note, the most serious consideration.

Upon the attitude which the Allied Premiers direct the League to adopt toward America in this matter depends the most important points of the world's high politics. It is anticipated in League circles that regardless of the course which the Allied governments suggest, the League Council must invite the Washington Government to send a representative to join in a round table discussion of the question.

In League circles it is considered that the severe tone of the American note makes it difficult for the League or the Allies to send a friendly reply. Some say if the United States had joined the League of Nations every thing would be satisfactory, but as the Washington Government has adopted an attitude of disinterestedness in world affairs it cannot object to the decisions arrived at by the League.

Great Britain wants the Council to uphold the terms of the mandate which established a monopoly of Mesopotamian oil resources. Japan wants the Council to keep her in possession of the Island of Yap. France wants to help her ally Poland obtain possession of the disputed city of Vilna in order to further her policy of using the Poles to separate the Bolsheviki completely from the Germans.

League enthusiasts who deplore the incident brought about by President Wilson's note express the hope that it will result in the realization by America that she must either enter the League of Nations or expect a cool reception when she desires the promotion of some of her vital interests by the action of the world's governments.

TO-DAY'S THOUGHT. What things have we seen done at the Mermaid! heard words that have been so nimble and full of subtile flame as if that every one from whence they came had meant to put his whole wit in a jest and resolved to live a fool the rest of his dull life.

Beaumont's Letter to Ben Jonson.

Masonic National Memorial. The eleventh annual convention of the George Washington Masonic National Memorial Association has just closed a memorable session. The grand total for the erection of the proposed temple to the memory of Washington has reached the colossal sum of seven hundred thousand dollars, $825,000 being in cash, and the balance in pledges. It is confidently believed that by next February the Association will have in hand more than a million dollars. It is wisely purposed to obtain such sum as will amply provide a fund sufficient for the maintenance and support of the temple and its worthy objects.

The gathering the past week included members of the masonic order from the various states. The officers and directors chosen are widely representative, extending in their membership from the Atlantic Coast to the Rockies. One of our own citizens, Charles H. Callahan, is a trustee of the Memorial Association, an honor which is but a just tribute to his unflagging zeal for masonry and its lofty principles. Besides which the original idea of the superb monument to the memory of Washington the Mason had perhaps its unrivalled inception in the brain of Mr. Callahan.

Our fellow-townsman has already achieved no small degree of distinction by his widely-known work on Washington as man and mason. His intimate knowledge of certain phases of Alexandria's history is excelled by none. We understand that he has other books in contemplation, and we hope the rumor is correct.

The proposed George Washington National Memorial will be one of the national institutions of the country. Thousands of pilgrims will visit it annually, not only from all over the United States, but from every corner of the world. It will extend the name and fame of Alexandria wherever the tenets of masonry are honored and observed, and this knows no boundary. The earliest beams of the rising sun daily fall upon some lodge of that ancient order, and its dying rays gild anew the fanes that have been dedicated to its rites in the remotest occident. It is not too much to say that this masonic memorial will become a shrine as splendid and glorious as was King Solomon's Temple in the days of an older civilization.

To that great Virginian whose faith and whose labors in masonry were alike unbounded, no more fitting monument could be erected by the hands of man. It will surpass even that stately and imposing shaft in the nation's capital by reason of its spiritual significance.

CHARGES G. O. P. DECEIVES VETS ON BONUS BILL

Charges that Republican leaders in the Senate are trying to delude and deceive former service men by pretending they will try to pass the soldier bonus bill this session, were made by Senator Harrison of Mississippi during Senate debate yesterday.

Harrison asked, during discussion of a penstor bill, what the plans regarding the bonus bill are. Senator McCumber, of N. Dakota, of the Finance Committee, said he hoped to report the bill yesterday. Harrison then made his charge. Senator Hoke Smith of Georgia declared the bill would not be permitted to pass this session.

TELLS OF BIG LIQUOR RING

Chicago Agent Declares it Reaches To Louisville and New York.

Chicago, Feb. 25.—A syndicate engaged in smuggling whisky valued at millions of dollars, and in which scores of prominent business men, city and Government officials and politicians are implicated, has been uncovered in Chicago, according to Joseph Tatro, special agent for the Internal Revenue Department.

"Ramifications of the booze conspirators," Mr. Tatro says "have been found to extend from Chicago to New York and to Louisville. It has existed since the passage of the Prohibition Amendment. Within a week or two warrants will be asked and arrests made.

"Our investigations indicate to us that among the agents of this ring there are scores of prominent and respected citizens scattered throughout the territory in the Chicago-New York Louisville triangle. They include police, city and Government officials, politicians and business men. We find that this ring makes a business of obtaining blank permits for booze shipments Hundreds of these blanks, bearing forged signatures have been seized.

"We are now engaged in the Chicago district, in tracing liquor shipments made on these fraudulent permits. It will take us one or two weeks more to clean up here. Then we shall begin asking warrants for arrests."

YOU NEVER CAN TAME A WILD CAT

Mr. Dodson Warns Against Use of Treacherous, Dangerous Calomel

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It's harmless pleasant and safe to give to children: they like it.

"PERFUME PLANT" IS STILL

Montreal, Feb. 25.—A fully equipped 50 gallon illicit still, operating as a perfume factory, was discovered by revenue officials yesterday on the first floor of a building in St. Lawrence boulevard, Fourteen barrels, each containing 50 gallons of mash in process of fermentation; 200 dozen empty bottles and large quantities of labels, seals, corks, and other equipment were seized.

Joseph Rosen, lessee, of the building, who was arrested, but later escaped, told the officials the floor had been rented by two men who said they were perfume manufacturers. One said he came from Detroit and the other from Toronto. The police are searching for Rosen and the manufacturers.

use of the road. He also queried the witness on the revenue received from the sale of the 25 trip ticket which it is proposed to abandon.

Mr. Downs attempted to show that the company sustains losses by sale of the 25 trip family ticket good for 3 months by seven members of a family. He said under the present rates if single trip or round trip tickets were sold by the company, a large increase would be shown in total revenue over that accruing by sale of the 25 trip ticket, Frank Lyon said the term "round trip" as used by the company was a misnomer and should not be included in the company's tariffs as the cost of round trip tickets on the road is always double the one way.

Stricken With Paralysis When Charged With Murder.

New York, Feb. 25.—The charge of killing a woman he believed to be alive shocked John McMonagle, of Philadelphia, when arraigned here yesterday that part of his face became paralyzed and he collapsed. He was arrested February 18 and charged with felonious assault for shooting and wounding Dorothy Seltzer. After his arrest he sent letters almost daily to the woman, who was in a hospital.

She died last Sunday and was buried yesterday in Philadelphia, but McMonagle knew nothing of it until he was brought into court and told that a new charge —murder— had been booked against him. He was held without bail.

"Dummies" Serve Terms of Convicted Gotham Saloonkeepers

New York, Feb. 25.—Prohibition agents charged here today that saloon keepers, sentenced to jail for violating the Volstead act, are substituting "dummies" to serve their terms.

After pleading guilty, the agents said, the saloonkeeper is permitted two days' grace to wind up his business affairs, and then hires his "dummy", generally a barroom hanger-on, for $75 or $100, who presents himself at the jail.

Harding is Declared Friend of Canada

Toronto, Feb. 25.—John A. Stewart, of New York, said today in an address before the Empire Club here that no president of the United States had ever possessed a friendlier feeling for Canada than Mr. Harding.

Mr. Stewart is chairman of the board of governors of the Sulgrave Institution, which was organized to perpetuate the ancestral home of George Washington, in Sulgrave, England, to endow scholarships in England and the United States, and to arrange for the celebration last year of the tercentenary of the landing of the pilgrims.

"The nature of Warren G. Harding is one of good will," said Mr. Stewart. "No President of the United States has ever possessed a friendlier feeling for Canada, or a keener, truer understanding of the world necessity for friendship among English-speaking peoples than the man who is about to be inaugurated President of the United States."

TWO FLIERS KILLED IN BLAZING PLANE

Austin, Texas, Feb. 25.—Cadets H. F. Allen and Virgil Veatch, heading a flying squadron from San Antonio, were burned to death when the plane in which they were flying fell over the ground at Penn Field, Austin, about noon yesterday. The tragedy took place at a height of 500 feet. The pair had taken off preparatory to returning to San Antonio. The plane suddenly burst into flames when directly over the hangars. It dropped like a plummet.

Both men were burned to death, but examination showed their bodies had been crushed. A pet dog, taken on the flight as a "good luck omen," also was killed.

Allen's home was in Congress, Ga, and Veatch lived in Nashville, Tenn

BENSON SAYS PROHIBITION INJURES U. S. SHIPPING

Extension of prohibition to America's merchant marine is inadvisable in the view of the shipping boards Chairman Benson has informed Chairman Volstead of the House judiciary committee, which is considering the Edmonds bill to permit American ships to sell liquor at sea. The bill was proposed to meet the condition brought about by Attorney General Palmer's recent opinion that the laws of the United States, including the prohibition acts, follow ships under the American flag where ever they go.

The enforcement of the prohibition acts as applied to American ships on the high seas, Chairman Benson informed Representative Volstead, would work to the disadvantage of American shipping interests, already hard pressed by foreign competition.

LADY ASTOR GIVES $1,000

Richmond, Va,. Feb. 25.—A cablegram received yesterday from Lady Astor, through her sister. Mrs. Chas. Dana Gibson, of New York, conveys a contribution of $1,000 to the Southern Womans Educational alliance, formerly the bureau of vocations, of Richmond.

QUEBEC LIQUOR BILL PASSED

Quebec, Feb. 25.—The Quebec liquor bill, under which the government assumes a monopoly of the liquor business in the province, was passed through its final stages in the legislature yesterday and will be signed by the lieutenant governor today.

By the terms of this measure, which will go into effect May 1, the government assumes full control of the liquor trade. A commission is to be appointed to look after the importation and selling of liquor containing 5 per cent or more alcohol by weight.

Official vendors are to be appointed in the various centers of the province and from these consumers may purchase one quart of liquor at a time. Districts which are dry by local option will be excepted from the operation of the act.

Beer may be sold by the glass in licensed taverns between the hours of 9 a. m., and 10 p. m., except on Sundays and holidays and wine may be sold in hotels, restaurants and clubs with meals.

Exportation of liquor from the province is forbidden by the act.

KAISER'S ASSASSINATION ATTEMPTED, IS RUMOR

Doorn, Holland, Feb. 25.—A German youth armed with a revolver, according to reports current here yesterday, slipped through the guards about the home of the former German Emperor yesterday, but was caught inside the grounds. The reports could not be confirmed, however.

Why Are Skin Diseases So Difficult to Overcome?

When your skin breaks out with itching eruptions, tetter, rash, eczema, psoryasis, or other terrifying disorders, temporary relief will do you but little good, for soon all the itching and irritation breaks out afresh with renewed fury, and you soon realize that local remedies such as ointments, salves and similar treatment will never rid you of your trouble.

These troubles originate in the blood, and if you expect real substantial relief you must treat them through the blood.

The best remedy for this purpose is S.S.S., the fine old blood remedy that purifies the blood of disease germs, and thus restores the skin to a normal and healthy condition.

Begin taking S.S.S. today, and write a complete history of your case, and our medical director will give you expert advice without charge. Address Chief Medical Adviser, 161 Swift Laboratory, Atlanta, Ga.

Woman Advises Husband as he Examines Murder Defendant

Hackensack, N. J., Feb. 25.—Mrs. Augusta Emilie Maley yesterday resumed the role of adviser to her husband, Patrick Henry Maley, at the trial of William Gleason and Cy Oberson for the murder of Patrolman John Ritter. While her husband examined Gleason, who was put on the stand yesterday in his own defense, Mrs. Maley occasionally conferred with him.

Gleason testified he had gone to Ridgefield Park with George Duncan to attend a party, and that Duncan was arrested as disorderly. Gleason and Oberson tried to get Ritter to obtain Duncan's release, and a fight followed the officer's refusal.

Yank's "Widow" Remarried, Told He's Back Home

La Fayette, Ga., Feb. 25.—"I don't know what to do," moaned Mrs. Grace Williams-Robertson here yesterday. "I've tried hard to think of some way, but I just can't."

She had just read for the hundredth time a message from the "dead." The message, from her first husband, Fred Williams, who was reported "officially dead" in France by the War Department in 1918, read:

"Just landed on Aquitania. Will leave immediately for home."

"But I'm afraid it won't be home any more—for any of us," continued Mrs. Williams-Robertson. Then between sobs she told her story.

"Fred went away in 1917," she said. "The next year he was reported dead. Later a body we supposed his was brought back and buried in the family lot here. I married again, a few months ago."

War Risk Insurance carried by Williams was collected by his wife months ago, she said.

"The only thing left is to face it out, I guess," she said, indicating she had decided to have a peaceful "get together" to decide the future for herself. Williams and Robertson when her first husband arrives.

U. S. Army on Rhine Called World's Finest

Berne, Feb. 25.—The American army of occupation on the Rhine was complimented yesterday as "the most up-to-date of all the armies of the world" by Colonel Schalpbach, of the Swiss army, in an address at a conference of the Bernese Officers' Society here. Colonel Schalpbach had just returned from a visit to Coblenz with Colonel Sonderegger, chief of the Swiss general staff.

The efficiency and good appearance of the American troops, the excellence of their discipline and organization and their military fitness were praised by the speaker.

Harding Stands in Crowded Theater; Sees "Porch" Burlesqued

St. Augustine, Fla., Feb. 25.—The S. R. O. sign did not deter President-elect Harding last night when he determined to make what will probably be his last visit to the theater before inauguration. Accompanied by George E. Christian, his secretary, and Dr. C. E. Sawyer, his physician, he shoved his way into a crowded little St. Augustine playhouse and stood for more than an hour laughing at the minstrel show in which one of the features was a take-off of the front porch campaign.

During intermission many people recognized him and came back to offer him their places, but he declined, and remained standing until the show was over.

Chasco-Vin's 150th Testimonial

R. L. Nickel, one of Camden's leading paper hangers said: "I consider Chasco-Vin a great medicine. I am stronger and better today than for a long time. I had one of those bad colds that hang on and I was badly run down too. I took three bottles of Chasco-Vin and it fixed me up in good shape. I feel so much stronger and benefitted so very much by taking Chasco-Vin that I believe it due you and everyone else to know about Chasco-Vin. As I said before I consider it a truly great medicine."

Chasco-Vin is sold only by specially appointed agents. In Alexandria the agent is Edgar Warfield, jr., Corner King and Pitt Streets.

For ordinary Coughs take Chasco Koff Knocker. For slight Colds, take Chasco Kold Knockers and Grip Checks, made by the mfgs. of Chasco-Vin.

Harding Makes Reply to Cabinet Criticisms

Discussing his Cabinet appointments at St. Augustine yesterday, President-elect Harding appealed to the Nation to judge Harry M. Daugherty, Attorney General-to-be, by his deeds, and not by the premature and prejudiced criticism of others.

This request was Mr. Harding's reply to repeated questioning about newspaper attacks on several of the men he has chosen for his Cabinet.

He also stuck by his guns in the choice of Herbert C. Hoover. Criticisms of the man and the choice have been made, he admits and by leaders, but he is certain a means of smoothing these complications will be found.

The President-elect declared there was a decided possibility of a last-minute shift in the Cabinet places outside of the Secretary of State and Attorney General. He indicated that if there was a slip in the appointment of Hoover to a Cabinet place it would not come from Mr. Harding, however.

Living Buddha Seeks Money For Army Food

Pekin, Feb. 25.—The Kutukta or living Buddha, secular and religious ruler of Mongolia, who was reduced to nominal authority during the Chinese occupation of Mongolia and captured and interned by the Chinese garrison during the siege of Urga, later escaping to the lines of the Russian-Mongolian besiegers, returned to Urga after the capture of the city by Baron Ungern-Sternberg and last Friday proclaimed inner and outer Mongolia independent of Pekin, styling himself the "Emperor of Mongolia and Religious King of the Yellow Faith in Mongolia and Thibet." He has ordered the Mongols to subscribe to funds for foodstuffs to enable the Mongolian army to expel the Chinese forces from Mongolia but many of the Mongol dukes will not support him, remembering past failures in Russian-Mongol co-operation and fearing the Chinese strength.

The Chinese government therefore is endeavoring to create a split in the Mongol parties thus rendering Mongolia's reconquest easier when spring makes the despatch of an adequate Chinese force toward Urga possible. Both Chang Tso Lin and Tsao Kun hesitate to send troops to reconquer Mongolia, fearing that thereby they will weaken themselves locally and destroy the balance of power in North China.

Man Who Turned State's Evidence Brands Hatfield

Williamson, W. Va., Feb. 25.—Isaac Brewer, who turned State's evidence in the trial of nineteen men for killing Baldwin-Felts detectives, testified yesterday.

"Sid Hatfield shot Albert Felts," Brewer charged at one point in his testimony.

The witness made the statement after giving in detail the positions occupied by Felts, Hatfield and Mayor C. C. Testerman and himself in the doorway and the conversation preceding the revolver fight.

"The shot was fired from a distance of only a foot or two," Brewer said.

"I had two pistols," he said. "I gave one to Bill Bowman's boy when I was wounded."

Brewer said he met Hatfield near Testermans store and they had a conversation shortly before the shooting.

"He told me Testerman wouldn't issue any warrants for the Baldwin-Felts people, and he said, "Let's take a bunch of men and go to the hills and kill those Baldwin men as they come out of the houses."

"I did not see any weapons on Felts," Brewer continued. "Testerman then walked up.

Green Evening Suits May Soon Be the Rage

Baltimore, Feb. 26.—Baltimoreans who attended a small embassy dance in Washington last night were astonished to observe one of the guests wearing a brightly tinted green evening suit.

"Impossible," remarked someone when the visitors made known their discovery. "Its isn't done."

"Too much Scotch," said another.

"Ridiculous," said a third.

The three scoffers were put to shame at the same instant as Hugh V. Tenant, Secretary of the British Embassy, strolled calmly by clad in a cool emerald-colored dress suit. They were reduced to ashes a moment later when a diplomat lately arrived from England announced that such suits were "all the rage" in London, where they were considered "very swagger."

Mrs. W. F. Baker, of Milwaukie, Oregon, who says she has been restored to perfect health by Tanlac after having suffered for twenty years. Her statement is remarkable.

"For the last twenty years I have suffered from stomach trouble in its worst form. I was in misery all the time. If I took a drink of coffee or milk or even water, it would cause belching and gas. In fact, absolutely nothing would digest in my stomach. I always had an awful burning sensation in the pit of my stomach. I believe I have taken almost a wagon load of soda for stomach trouble. I would have to take it night and day. Gas would bloat me up so badly I couldn't fasten my clothes. At times my heart would palpitate and flutter so badly I would nearly smother and I would have to gasp for breath. In fact, I thought I had heart trouble.

"I was very fond of cheese and the least bit would throw me right into spasms. I was also very fond of onions, but they would upset me terribly.

"My whole system was out of shape and I was also bothered with rheumatism and neuritis. Pains in my arms and other joints were almost unbearable. I had to carry one of my arms in a sling and couldn't raise it up to my head. My hands would swell up and for a long time I was in just an awful condition.

"I told my husband I guessed I would have to give up and die, as the doctors' medicines and other things I took didn't do me any good. Then he got me some Tanlac and said I had to take it. Well, before I finished one bottle, I found the things I would eat did not bother me so much. I kept gradually getting better and finally after taking five bottles, my trouble was entirely relieved. I can now eat onions, cheese or anything I want. In fact, I am in perfect health in every way. My neuritis and rheumatism have also left me. I know that five dollars' worth of Tanlac has done me more good than a hundred dollars' worth of other medicines. I will sing the praise of Tanlac as long as I live."

(The above remarkable statement was made by Mrs. W. F. Baker, whose address is Milwaukie, Oregon, R. F. D. N. 2.

Tanlac is sold in Alexandria by Edgar Warfield and good druggists everywhere.
